MARCH FOR THE

180,000

BABIES ABORTED IN UTAH SINCE 1973

Although Roe V. Wade was overturned in June 2022, abortion continues in Utah. It is estimated that since 1973, over 180,000 babies have been aborted in our state. In a state that proclaims to be pro-family and pro-life, this is unacceptable. Join us on Saturday, January 20, 2024 at the Utah State Capitol as we peacefully protest this evil practice that has led to the deaths of so many Utah babies. The program will begin at 11:00 AM on the south steps, followed immediately by a procession around the capitol.
