

Dear Community Partner,

The 15th Annual Golf fundraiser for Fisher House and the American Patriot Service Corporation, put on by the Knights of Columbus, Assembly 2577, takes place July 26, 2025, in West Valley City at Stonebridge Golf Course. This event generally sells out with 160+ golfers and volunteers from around Northern Utah.

Fisher House in SLC is where military & veteran families can stay free of charge, while a loved one is in the hospital, because a family's love is good medicine. The American Patriot Service Corporation serves our military veterans and their families by helping veterans and surviving spouses apply for the Aid an Attendance Pension benefit from the Department of Veterans Affairs.

The tournament also allows many veterans and current military members to play without charge due to the generosity of the Salt Lake community.

Much of the fundraising comes from sponsorships and/or contributions of gift cards for lodging, restaurants, sporting events, theater tickets and more. Sponsorship details can be found on the website, www.utahkofcgo.org or use the QR code below.

All donors are recognized at the event and financial sponsorship receives hole signs and have their logos included on the website and marketing materials.

Donations can be mailed, dropped off or we can arrange pick-up.

Thank you for your generosity and consideration.

Best regards,

John Porter
